
Warranty

Our watchmakers have created your Carl F. Bucherer using the utmost of care and accordance with the strictest of quality guidelines. Should a problem nevertheless still arise due to a material or manufacturing fault Carl F. Bucherer offers you a 2-year guarantee period, valid from the date of purchase. Excluded from this guarantee are problems arising through normal wear and tear as well as damage caused by improper use or handling of the watch. The guarantee is valid if this guarantee certificate has, at the time of purchase, been completed in full by an official Carl F. Bucherer service centre. Please present the watch accompanied by the correctly filled-in guarantee certificate.
