
The international Guarantee

Your new Oris watch has been manufactured in accordance with the most advanced watch technology, using high-quality materials. Before leaving the factory it has passed a series of the most stringent quality controls. We are therefore in a position to grant an international guarantee, valid for materials and workmanship for a period of two years from the date of purchase. By the terms of this guarantee, all Oris dealers and service centres will repair any defects in manufacture or materials free of charge. The guarantee is only valid if the guarantee certificate has been completed in full, stamped and signed by the authorised Oris dealer and a copy sent to the service centre in your country.

The following are not covered by this guarantee:

- Damage resulting from improper or insufficient care.
- Scratched or broken crystals.
- Accidents or normal wear and tear.
- All claims arising from direct or indirect damage or injury caused by wearing an Oris watch.

In case of claim under this guarantee, please contact your Oris dealer any other Oris service centre.
